

VENTURA COUNTY ROAD INVENTORY AND INDEX

The Ventura County Road Inventory and Index lists the County maintained public roads.

These roads have been formally accepted into the County road system as county highways by the Board of Supervisors or a designated representative. Only county highways are eligible to be maintained with County Road Funds. Roads not listed in the Road Inventory and Index are either city streets, private roads, or roads that have acquired public status by one means or another, but have not been accepted as county highways. Only the listed limits of roads are county highways. Many roads have city sections or nonmaintained sections that are outside of the limits of the county highway.

This Road Inventory and Index is hereby certified as the record of each county highway under Streets and Highways Code Section 908.

David Fleisch,
Deputy Road Commissioner

DESCRIPTION OF CONTENTS

ROAD NAME - The Board of Supervisors officially names roads after review by Resource Management Agency - Planning Department staff and the Fire Protection District. The policy is to avoid duplication and keep the names as short as possible.

LIMITS – Road limits are described narratively to be easily recognized.

MAINTAINED MILES – Length is in miles to the nearest hundredth and is measured from the centerline of intersecting streets.

RIGHT-OF-WAY (ROW) – Dedicated easement width. A “* ” denotes ROW width varies for the section shown.

SUPERVISORIAL DISTRICT - When a road or a portion of a road is in two or more districts, they are listed in numerical order and separated by commas.
