- 1. CALL TO ORDER The meeting was called to order at 7:04 PM
- 2. APPROVAL OF THE MINUTES OF THE JANUARY 18, 2022 MEETING
 - Mr. Price moved to approve the minutes. Mr. Sokoler seconded this motion.
 Vote: Ayes 4, Nays 0.
- 3. PUBLIC COMMENTS
 - o None.
- 4. DISTRICT STAFF REPORT

A. BUDGET AND FINANCIAL REVIEW -

- Mr. Pope explained that the written materials in the Agenda Packet reflect the financial status of the District through the end of February 2022.
- o Mr. Pope stated that everything looks healthy in the District finances.
- Mr. Pope stated that he will not go through the reports line-by-line, but if any member had any questions, he would be happy to answer them. Mr. Price asked if Mr. Pope saw anything noteworthy to point out. Mr. Pope pointed out the sheet that listed District expenditures, along with the percentage of the Adopted Budget allocation for the Fiscal Year for each item that had been spent so far. Mr. Pope stated that most items appeared to be on track, except for State/Permit Fees, which Mr. Pope stated appeared to be high and stated he suspected a budgeting error. Mr. Price asked about Misc. Expense, which showed 54%. Mr. Pope explained that since 67% of the Fiscal Year had passed, 54% is less than the budgeted amount, and that everything is tracking well. Mr. Pope explained that the

Minutes of the Ventura County Waterworks District No. 17 Citizens' Advisory Committee Meeting Ventura County Water and Sanitation Minutes of the March 15, 2022 Meeting

District finances appeared to be healthy overall, including the cash reserves.

B. CAPITAL PROJECTS

- Bell Canyon Reservoir No. 3
 - Mr. Kim explained that AECOM is performing hydraulics and preliminary design investigations. Mr. Kim stated that the next task is Geotech work, and securing the temporary easement for boring. Mr. Kim stated that the environmental study would begin in approximately 3-6 months. Mr. Kim stated that he does not currently anticipate any problems with the environmental study.
 - Mr. Pope explained that the preliminary assessment is that the tank will be either partially or fully underground, but this has not been fully determined yet.
 - Mr. Pope stated that he is attempting to set up a meeting with Ventura Fire in order to discuss whether or not to keep the helipad in the design. Mr. Pope stated that he wanted to discuss with Ventura Fire the reasons why they no longer wished to pursue the helipad, so that an informed decision can be made.
 - Ms. Riccomini explained that in her other role as HOA Co-President, she would advocate to keep the helipad design in, for obvious reasons having to do with another possible fire. Ms. Riccomini stated that she spoke with Greg McHugh, who shares her position on this. Ms. Riccomini stated that she is of course open to hearing from Ventura Fire on their reasoning, but that during the last fire, sources of water would have benefitted the District. Mr. Price joined in Ms. Riccomini's request to understand the reasoning of Ventura Fire on this.
- Bell Canyon Creek Crossing Pipeline Replacement
 - Mr. Kim explained that this project will go hand-in-hand with the reservoir project.

C. WATER QUALITY REPORT -

 Mr. Pope stated that there were not any water quality complaints since the last meeting.

D. WATER SUPPLY CONDITIONS -

- o Mr. Pope showed the maps in the written materials comparing March 1, 2022 with march 2, 2021, explaining that we are still in a drought. Mr. Pope stated that there was a lot of optimism after December rains, but that favorable conditions did not continue. Mr. Pope stated that he does understand that there is some snow predicted for the Sierras on March 19.
- Mr. Pope showed the map of reservoir levels, explaining that they are lower than the historic average for this time of year.

Minutes of the Ventura County Waterworks District No. 17 Citizens' Advisory Committee Meeting Ventura County Water and Sanitation Minutes of the March 15, 2022 Meeting

E. CALLEGUAS MUNICIPAL WATER DISTRICT/ METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA UPDATE –

o Mr. Pope stated that there were no updates at this time.

F. UPDATE ON AVENUES OF PUBLIC OUTREACH -

 Mr. Pope explained that staff continue to put out social media posts on conservation. Mr. Pope stated that the website now has a "frequently asked questions" section.

G. BOARD LETTER TRACKER -

 Mr. Pope stated that there are no upcoming Board letters that impact the District.

H. UPDATE ON ADVANCED METERING INFRASTRUCTURE (AMI) -

 Mr. Pope stated that the District continues to add customers to the AMI portal. District 1 had a sharp increase during the month of January 2022 because that was when AMI was rolled out to this district.

I. DIRECTOR'S INFORMATIONAL ITEMS -

- o Mr. Pope discussed the Aged Report. The District has \$21,268 outstanding over 61 days overdue, stating that these customers may be eligible for the state arrearages program, or they may have a lien on their property. Mr. Pope stated that his intention is not to write off any overdue bills if a lien can be placed on the property.
- HOA/Equestrian Center Water Usage Mr. Pope asked if the group would like to continue to receive this information. Several committee members indicated that they would like to continue to receive this information.

J. COMMITTEE MEMBERS' COMMENTS / FUTURE AGENDA ITEMS -

- o Mr. Price asked about the design of the helipad. Mr. Kim stated that the initial design was for a pad for the helicopter to land on, with capability to take water from the reservoir. Ms. Ehret explained that she went on a ride along with the Fire Department Fire Hawks, and that the helicopters are amazing in their ability to land on various terrain.
- Ms. Ehret expressed that she was glad to attend the meeting, and that she and the office of Supervisor Huber are available should any Committee member need anything.
- Mr. Sokoler asked about District water usage compared to typical years.
 Mr. Pope stated that he did not have current numbers, but that a report would be given in May.
- 5. ADJOURNMENT The meeting adjourned at 7:27 p.m.

3. PUBLIC COMMENTS

Members of the public may address the Citizens' Advisory Committee (CAC) on items of interest to the public that are within the subject matter jurisdiction of the Committee, but do not appear on the agenda. With respect to agenda items, the public will be given an opportunity to address the Committee when the item is reached in the meeting.

4. DISTRICT STAFF REPORT

- E. CALLEGUAS MUNICIPAL WATER DISTRICT / METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA UPDATE – An update on decisions and rulings by these agencies which may impact the District.
- F. UPDATE ON AVENUES OF PUBLIC OUTREACH How the District is reaching out to its customers concerning water conservation.

NOTICE OF NEW OUTDOOR MANDATORY

IRRIGATION WATERING SCHEDULE

On May 10th, 2022, the Board of Supervisors adopted a resolution declaring Level 3 Water Shortage for all Ventura County Waterworks District areas (Moorpark, Somis, Lake Sherwood and Bell Canyon) at the request of the Ventura County Public Works Agency Water and Sanitation Department.

This action comes as California continues to struggle with its third year of drought. While December brought much needed rain and snow, the same could not be said for the months of January, February or March as California witnessed some of the driest months in recorded history. In each year of the current drought, annual precipitation levels have been inadequate to fill the state's key reservoirs.

As reservoir levels decrease so does the availability of water supplies available to water suppliers. And on, March 18, 2022, the Department of Water Resources (DWR) reduced its prior State Water Project (SWP) allocation of 15 percent to 5 percent. Then last month, both the Metropolitan Water District and Calleguas Municipal Water District passed resolutions declaring a Water Shortage Emergency Condition for their service areas. The resolutions also called on water purveyors to immediately cut their water use by implementing 1 day a week watering restriction or face financial penalties for failing to do so.

Therefore, effective June 1, 2022, all Ventura County Waterworks District service areas of Moorpark, Bell Canyon, Lake Sherwood and Somis will be subject to the following mandatory outdoor watering schedule except for agricultural customers.

Mandatory Irrigation Watering Schedule for Ventura County Waterworks Districts 1 (Moorpark), 17 (Bell Canyon), 19 (Somis) & 38 (Lake Sherwood) Customers

Addresses ending in an EVEN number	•	X	X	X	X	×	X
Addresses ending in an ODD number	×	X	X	X	X	×	
				D			DUDI

Mandatory Watering Schedule Fact Sheet

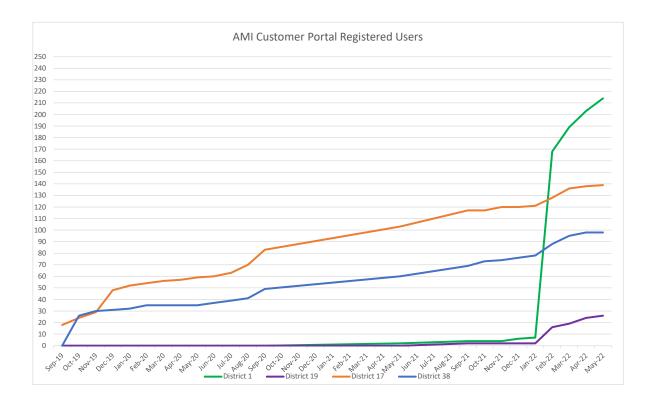

- One-day-a-week watering schedule based on service area and home address.
- Only applies to non-functional, ornamental turf (lawns) and excludes turf located in parks, sports fields, and school playground fields.
- Does not apply to hand-watering or drip irrigation of trees, shrubs and/or plants.
- No irrigation between 9 a.m. and 4 p.m.
- Irrigate no more than 15 minutes per zone (does not apply to low-flow drip irrigation).
- Does not apply to areas that are irrigated with recycled water.
- Applies to all customer classifications except agriculture.
- Noncompliance penalties will be applied.
