## *Hyperlinks to Scans of Record Maps and Other Survey Records in County View – General Instructions for Access*

The screenshot shows the County View website interface. At the top, the County View logo and name are displayed. Below the header, the page title is "Miscellaneous Records (1)". The main content area shows a map of a residential area in Ventura County, California. The map displays various streets and property lots, with several records marked by colored dots and labels. A callout box with a blue border and a blue arrow points to the "View Document" link in the left sidebar. The callout box contains the text: "6. Select 'View Document' for downloadable PDF." The left sidebar also shows the record details for "25-MR-53", including the book number (25), page number (53), and tract name (VISTA VERDE TRACT NO.2). The bottom of the page shows a scale bar and a page number indicator.

The screenshot displays the 'County View' application for Ventura County, California. The interface includes a sidebar on the left with a list of record maps, a central map area, and a top navigation bar. The sidebar lists three records, each with details like Tract Name, Book, Page, Survey Text, Surveyor, and Record Date. A callout box with the text '11. Select "View Document" for downloadable PDF.' points to the 'View Document' link in the third record entry. The map area shows a street grid with various colored markers (red, green, blue) and labels for specific records. A scale bar at the bottom indicates 100m and 300ft.

**General Notes:**

*Hyperlinks to Scans of Record Maps and Other Survey Records in County View –  
General Instructions for Access*

- 1) Selecting “Record Maps” in the Layers menu will show the following record maps: **Miscellaneous Records (MR)** which include Tract Maps, **Parcel Maps (PM)**, **Records of Survey (RS)**, and **State Highway Maps (SH)**.
- 2) Selecting “Survey Records” in the Layers menu will show the following records filed with the Ventura County Surveyor’s Office: **Benchmarks**, **Corner Records (CR)**, **Unrecorded Maps (UM)**, **Centerline Tie Sheets**, and **County Surveyor’s Records (CSR)**.
- 3) Selecting “Subdivision Maps Polygons” in the Layers menu will show polygon boundaries for “subdivision” type maps that may include **Miscellaneous Records (MR)**, **Parcel Maps (PM)**, **Records of Survey (RS)**, and/or **Unrecorded Maps (UM)**.
- 4) The display of point locations (by approximate centroid point relative to the record referenced) is scale dependent in County View. If you select “Record Maps” and/or “Survey Records” and no points are displayed, try zooming in to your area of interest.
- 5) A County View User Guide is also available [here](#).
