General Notes:

Page **6** of **7** *5-15-2023*

- 1) Selecting "Record Maps" in the Layers menu will show the following record maps: *Miscellaneous Records (MR)* which include Tract Maps, *Parcel Maps (PM)*, *Records of Survey (RS)*, and *State Highway Maps (SH)*.
- Selecting "Survey Records" in the Layers menu will show the following records filed with the Ventura County Surveyor's Office: Benchmarks, Corner Records (CR), Unrecorded Maps (UM), Centerline Tie Sheets, and County Surveyor's Records (CSR).
- 3) Selecting "Subdivision Maps Polygons" in the Layers menu will show polygon boundaries for "subdivision" type maps that may include *Miscellaneous Records (MR)*, *Parcel Maps (PM)*, *Records of Survey (RS), and/or Unrecorded Maps (UM)*.
- 4) The display of point locations (by approximate centroid point relative to the record referenced) is scale dependent in County View. If you select "Record Maps" and/or "Survey Records" and no points are displayed, try zooming in to your area of interest.
- 5) A additional guides provided by ITSD/GIS can be found <u>here</u> (PDF) and <u>here</u> (Videos).
